

# Puppy Socialization Guide

Positive Paws Dog Training - Growling Software - magspaws@gmail.com

Help your puppy become a well socialized adult, mark as many encounters as possible. Make all outings positive, include lots of treats while socializing. Always go at puppy's comfort level - we don't want the puppy scared.

Note any fear with situations/people, repeat until puppy is comfortable.

	8-9 wks	9-10 wks	10-11 wks	11-12 wks	12-13 wks	14-16 wks	16-24 wks
